EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows:

.....

TITLE

The title was changed to: "Implantable Stimulator Methods for Treatment of Incontinence and Pain" to better reflect the claimed invention.

CLAIMS

Claims 2, 3, 5-19 and 21-30 were canceled as being drawn to a non-elected invention, with no remaining allowable generic claims.

.....

Reasons for Allowance

2. The following is an examiner's statement of reasons for allowance: the prior art of record fails to disclose a method of treating patients comprising the steps of delivering a stimulation pulse to the pudendal nerve by perineally or vaginally implanting electrodes and/or a catheter discharge portion adjacent to the pudendal nerve and by implanting the stimulator at a location remote from the pudendal nerve. The examiner agrees with the applicants' statements regarding the Lu et al. reference and its teaching to stimulate the cavernous nerve –a nerve distinct from the pudendal nerve. Furthermore, it is unclear that a stimulator designed for stimulation of the cavernous nerve with electrodes wrapped about said nerve, would be capable of stimulating the pudendal nerve since electrode location would have a distinct impact on stimulation parameters. Nor would it appear that one would desire the inadvertent stimulation of nerves such as the

pubdental when attempting to stimulate the cavernous because of the unwanted side-effects of such stimulation. One for example would not wish to stimulate penile erection when treating incontinence.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
